Logo & Graphic Design package

Cost: £295.00

A major way of attracting customers and establishing a well known corporate identity, is to have a dynamic, professional and memorable logo. Here at Weird Creations we specialise in graphic design and are at the cutting edge of digital imaging using the most up to date resources. With this package, we will create for you, an exiting company logo, business cards, letterheads and compliment slips. Our specialist team will work with you on the designs until you are totally satisfied, and make the artwork available on CD ready to print.

Note i: We can also arrange for the printing of your new stationery. Please contact us with your print volume requirements and then we will be able to provide you with a quote.

Note ii: One of the most effective ways to make a big impression on your customers and promote your business is via our Video or E-Business cards. They are the same dimensions as a regular business card which fits easily into a purse or wallet, but on the reverse side they're essentially micro CD's which can be programmed with a short promotional video or other important customer information. Please contact us, or visit our website for an order form or more details.

Website Audit and Makeover Service

Cost: FREE EVALUATION

Does your website look a little tired and out of date??? If you have an existing website that you wish to upgrade, update or simply jazz up a little, by perhaps including a Flash movie intro, or other multimedia, then why not take advantage of our makeover service. Simply provide us with your current website address and we will examine it, evaluate it and provide you with several possible options for improvement, along with a quote for each.

It's free of charge for evaluation, so you have nothing to lose. Some of the most common problems are: poorly configured META tags, essential for search engine ranking; poor navigational aids which deter potential customers from returning to your site; poorly optimized images etc that prevent pages from loading quickly; cluttered and amateur looking layout.
